

ARiA PREMIUM - superb clarity and contrast for your daily color and monochrome printing and copying

Description

ARiA is designed to reproduce sharp, crisp text and graphics through today's modern sophisticated printing and copying equipment. The matt uncoated surface, which is reflex-free, is excellent for non-strenuous reading.

Benefits

- Made from renewable PEFC accredited fibers
- Improved bulk and opacity for duplex printing
- Jam Free
- Precise cut edges; straight out of ream and into printer

Environmental

ARiA is made from renewable PEFC accredited pulp and locally grounded calcium carbonate is used as filler, reducing wood fiber usage. ARiA is produced by an ISO14001 certified mill.

Production

- ARiA is produced using Elemental Chlorine Free pulp.
- Ream: Paper/Polypropylene
- Box: Kraft
- Pallet: Plywood
- Shrink-wrap: Polyethylene
