

## COPY & LASER - High-quality copy paper for everyday use.

### Description

COPY & LASER is designed to reproduce sharp, crisp text and graphics through today's modern sophisticated printing and copying equipment. The matt uncoated surface, which is reflex-free, is excellent for non-strenuous reading.

### Benefits

- Made from renewable PEFC accredited fibers
- Improved bulk and opacity for duplex printing
- Jam Free
- Precise cut edges; straight out of ream and into printer

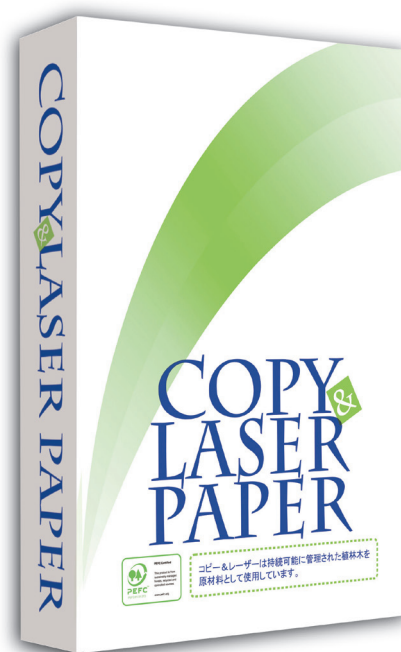

### Environmental

COPY & LASER is made from renewable fiber and locally grounded calcium carbonate is used as filler, reducing wood fiber usage. COPY & LASER is produced by an ISO14001 certified mill.

### Production

COPY & LASER is produced using Elemental Chlorine Free pulp.

- Ream: Paper/Polypropylene
- Box: Kraft
- Pallet: Plywood
- Shrink-wrap: Polyethylene
